

A GLIMPSE OF WHAT GOD IS ACCOMPLISHING  
IN THE USA  
THROUGH THIS TEACHING ON ISRAEL

Here are just a few special excerpts from the many, many letters we have received from the USA, thanking Norma Duncan and The Living Word Church of Niceville for the book, *Why Should Every Christian Pray For And Support Israel?* Our hope is that they will encourage you to read this book and give you insight as to what God is accomplishing in the lives of those who read this God-inspired book:

The day your beautiful, inspiring book fell into my hands and into my heart and soul was so mighty and magnificent words cannot express. I was sitting in a hospital waiting room and your book lay on a table. I was so inspired I couldn't believe the blessed feeling that came over me. I spent an hour engrossed in His Word. I hated to leave that room and walk away. After I reached my car, I went back to search for an address. ...My eyes have been opened. I feel so strengthened.

I recently checked your book, *Why Should Every Christian Pray For And Support Israel?* out of my local library. I cannot tell you how much I learned from it. I can't remember a time I wasn't a Christian, but I never put two and two together about the Jewish people.

I realize that this book (tome) was divinely ordained; and Rev. Duncan was commissioned by our Lord ...to publish these scriptural instructions, exhortations, warnings.

I got food for soul and mind, understanding and my spirit renewed.

You must have had a tremendous education. Even with all the books I have...you have opened my eyes to see what I've never seen in any other books. I have a small stencil which has arrow marks on it. I use it repeatedly as I am going through your book. I also treasure your use of the many translations of the Bible. There is no telling how many writers you have read/and made reference to in your book. The first mind-boggling issue when you go into Exodus 1:2, where you write about male babies being cast into the River Nile! And you have explained it far better when the river Nile turned to blood.

I plan to make it to Heaven...and when I do get there, I would be delighted to be one of your servants along with Abraham, Moses, Elijah & Elisha and oh so many others!!!

God bless you forever and your unique and special ministry.

Norma Duncan, your senior pastor, has done and is continuing to bless so many with her message on God's People - Israel. I have a greater understanding since reading and studying her wonderful work.

May God continue to bless her and the work that The Living Word Church of Niceville is doing.

Thank you so much for caring enough to do what you are doing. I have rented this book from my library. ...it is the kind of study guide that I will reread and use for reference and share with others.

The book is so filled with insight and information... It is so well organized and explains things in ABC order and refers back to previous passages that pertain to the current passages so that the reader can better understand the knowledge being shared.

It answered a lot of questions I've had all my life, and I'm 72 years old and there were a lot of them. I'm also a Christian and was very glad to finally have answers. Thank you.
